

# Steven Weinberg

Steven Weinberg has been a recipient twice of a National Endowments for the Arts Individual Artist Fellowship as well as the prestigious Young Americans in Clay and Glass Award from the American Craft Museum in New York City. . He received his B.F.A. from Alfred University in 1976, and his M.F.A from Rhode Island School of Design in 1979. Today, Steven Weinberg works metaphorically with the vessel. The classic vessel form is used in two senses: A structure designed to travel on water, and as an object that has been created throughout history as a receptacle and or container. He creates forms relating to the simple beauty of the fishing hull and the sailing keel. Weinberg captures these timeless forms and all their elegance in glass.

## Selected Museum Collections:
